TRYING TIME

Young girl's life is reached when each her uncertain steps across which divides girlhood from womanhood. Ignorance and neglect at this critical period are largely responsible for much of the after misery of womanhood. Not only does Nature often need help in the regular establishment of the womanly function, but there is almost always need of some safe, strengthening tonic, to come the languor, nervousness and weakness, commonly experienced at this time.

Dr. Pierce's Favorite Prescription establishes regularity. It is a strengthening tonic, soothing the nerves, encouraging the appetite and inducing restful sleep. It contains no alcohol, neither opium, cocaine or other narcotic.

"I wish to tell you the benefit we have received from using your medicine," writes Mrs. Dan Hall, of Broadbent, Green Co., Wis. "Two years ago my daughter's health began to fail. Everything that could be thought of was done to help her but it was of no use. When she began to complain she was quite stout; weighed 170, the picture of good health, until about the age of fourteen, then in six months she was so run down her weight was but 120. She kept falling and I gave up, thinking there was no use. I must say, doctor, that only your 'Favorite Prescription' my daughter would have been in her grave to-day. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she is completely recovered. Since then she is as well as can be."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

ANOTHER MINE DISASTER.

Advices from Victoria, B. C., give additional accounts of the terrible disaster, which has occurred in No. 2 and No. 3 tunnels of the Coal Creek mines, of the Crow's Nest Pass Coal Company, from which, with No. 1 tunnel, the most of the company's coal is taken.

An explosion of gas occurred soon after the shift on Thursday night and as a result 24 of the 133 miners who were at work escaped. The others lie dead in the fire-damaged mine, while the widows and relatives weep and cry at the tunnel mouth, and the working parties try in vain to get out the bodies of the victims.

The mine is six miles from Fernie, the mining town in the center of the rich coal fields, and No. 2 shaft is the deepest, deepest of the tunnels. The management took risks a year ago in the working of the mine, to hurry the supply, as the demand exceeded the development, and in order to get the coal the workings were carried on in corker-ware drives, instead of the usual square drives, and other risks were taken. Since then, however, the conditions were improved and the last explosion occurred by the government by its inspector on May 8 states that the mine was then in a safe condition.

The telegraph facilities of the coal town are limited, but details are being gradually received both by the officials and from correspondents at the scene. All say that perfect order exists, but a terrible gloom prevails, and the scene is heart-rending in the extreme.

The tunnel mouths are thronged and strenuous efforts are being made by parties to get into the mine. The presence of coal damp, however, adds great danger to the work of these parties. The great fans are working to their limit, and it is now shown that the mine is not on fire, and ventilation is being gradually restored, enabling the workers to press into the tunnel.

The last dispatch from the scene last night states that an electric motor engine working in the tunnel exhausted the air being pumped into the mine and caused the explosion.

All night long and up to the present the widows and orphans of the entombed miners have remained at the tunnel's mouth.

CURSED THE HANGMAN.—Alfred Hamilton, alias Alfred Hawkins, was hanged at Whatcom, Wash., yesterday for the murder of D. M. Woodbury at Anacostia September 7, 1890. His neck was broken by the fall. He cursed the sheriff when he read the death warrant to him, and rushed up the scaffold stairs two steps at a time. Alfred Hamilton, alias Alfred Hawkins, murdered D. M. Woodbury, in Anacostia, county, Washington, September 7, 1890. Hamilton, who was a fisherman, went into Anacostia on the afternoon of September 6. After disposing of his catch for more than \$1,000 he started out to "hold up" the town, after getting well under the influence of liquor. During that night and the next forenoon he enforced his commands at the point of a pistol. On the afternoon of the 7th the city marshal attempted to arrest him, but Hamilton got the drop on the officer and marched him into a neighboring building. Woodbury followed and expostulated with Hamilton, who shot him fatally.

WORLD'S LARGEST CHAIN.—The largest chain in the world has been shipped from the Lebanon, Pa., ship works to the Eastern Shipbuilding Company at New London, Conn. The shipment represents one-half of an order for 680 fathoms of three-and-a-half-inch diameter iron, constructed in shots of 15 and 30 fathoms each, which are connected with three-and-a-half-inch diameter shackles and swivels. Each link measures 19 inches in length and about 11 inches in width and weighs about 100 pounds to the foot. Four cars are carrying the chain, the shipment consisting of 10 shots of 30 fathoms and two shots of 15 fathoms each, weighing 136,730 pounds. The chain will be used on the new Hill steamers, which are to be used in the Pacific service.

TOWN WIPED OUT.—The progressive town of Clover, in Halifax county, was nearly swept away by fire early yesterday morning. The blaze broke out in the leaf tobacco prize of Payne & Gregory about 6 o'clock. High south winds spread the flames rapidly until the entire town was ablaze. The entire business section of the town, extending from the Payne & Gregory factory to the railroad depot, was destroyed. Not a store was left. Eleven stores, the post-office, three tobacco warehouses, five tobacco prize stores, hotel and four stores were consumed. The loss is estimated at from \$175,000 to \$200,000, and is partially covered by insurance. The stores and factories were large ones for a town of the size of Clover and the fire is a severe blow to the town and section.

One Person Tells Another

ABOUT KODOL DYSPEPSIA CURE.

That's Why Its Sale is Increasing so Rapidly—So there must be Something to Merit After All.

Fair minded people always admit it when they find an article of merit. If it has done them good they want it to help others, too. Thousands bear witness to the wonderful curative qualities of Kodol Dyspepsia Cure. It is the only preparation which positively and completely digests any good food you may eat. No one disputes the fact that some other digestants partially accomplish this result. Pepsin, for instance, is found in the healthy stomach. When it is lacking, the patient takes pepsin and it helps him. But pepsin digests only albuminous foods, like meat and eggs. May be there's plenty of pepsin and a lack of the other digestants. Then it does no good. That's the trouble with the other preparations. They don't contain all the digestants. Kodol Dyspepsia Cure contains them all. It digests any good food you want. You don't have to diet. The feeling of fullness after eating is immediately relieved by Kodol Dyspepsia Cure. It is a safe and reliable cure for all cases of Kodol Dyspepsia Cure, which has completely cured Mrs. W. W. Sawyer, Hilliard, Pa.

ed and beat the life out of John Miller a young man about 21 years old, in Danville yesterday afternoon. It is stated that the assault was provoked by Miller speaking to one of two women with whom Corbin was walking near the race track. Miller, it is alleged, assumed that the women were common characters and when the one to whom he spoke failed to make any reply he remarked that she seemed not to know him. Then Corbin struck him, knocking him down and beat him until life was extinct. All parties are said to have been under the influence of intoxicants. Corbin is in custody.

When you wake up with a bad taste in your mouth, use Chamberlain's Stomach and Liver Tablets. One or two doses will make you well. They also cure biliousness, sick headache and constipation.

Don't Start Wrong. Don't start the summer with a lingering cough or cold. We all know what a "summer cold" is. It's the hardest kind to cure. Often it "hangs on" through the entire season. Take it in hand right now. A few doses of One Minute Cough Cure will set you right. It cures colds, coughs, colds, croup, bronchitis, all throat and lung troubles. Absolutely safe. Acts at once. Children like it. "One Minute Cough Cure is the best cough medicine I ever used," says J. W. Bow, Davenport, N. H. "I never found anything else that acted so safely and quickly. For sale by E. S. Leadbeater & Sons."
